'Growing in Faith, Faith in Growing'

Pupil Premium Statement – 2014 / 15

Research data has suggested to the Government that social background has been a deciding factor in a child's achievement and future prospects. They state that 'In a fair society, it is the Government's responsibility to close the gap in achievement, where the children from less well off backgrounds are less likely to leave school with five good GCSEs', compared to their more well off classmates.'

Research has also suggested that children who have been eligible for Free School Meals at any point in their school career have consistently lower educational attainment than those who have never been eligible, which is why the Government require use of these funds to be targeted towards pupils who fall into this category. The Government emphasise that individual schools are free to spend the Pupil Premium as they see fit, however they are held accountable for how they have used the additional funding to support pupils from low-income families.

From September 2012, as part of this accountability, schools are required to publish online information about the additional provision they have put in place for children by using the Pupil Premium. Schools must report their known funding allocation up to the end of the financial year. The following information summarises the Pupil Premium spending for 2014/2015 and it's impact upon the eligible pupils.

The Department for Education provides funding for schools for all children who are entitled to free school meals. This amount works out at approximately £1,300 per eligible pupils. The money is to enable the school to raise standards and narrow this performance gap, which exists nationally.

Pupil Premium 2014/2015

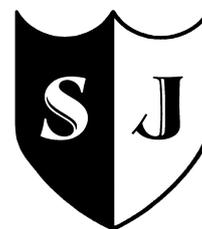

The amount of income received by the school for Pupil Premium during 2014 / 2015 was £103,194

Issue	Action	Cost	Impact
Ensure that pupils have good quality support in lessons and in support groups throughout the year.	25% of the cost of Higher Level Teaching Assistants and Teaching Assistants for pupil premium children.	£58,645	Refer to following commentary.
Ensuring that attendance of pupils is at least at the national average rate. To ensure that rates of persistent absence fall.	The employment of an Educational Welfare Officer to work across the Darlaston Cluster in order to improve attendance, particularly that of persistent absentees in the local area.	£2,708	School overall attendance rate 2014 / 2015 up to 95.5%. Significant reduction in Persistent Absence.
Identification of low levels of speech and language skills in children in Foundation and Key Stage 1.	The employment of a speech therapist, to work across the Darlaston Cluster; to identify and support early intervention for children with speech and language difficulties. The training of staff in using speech and language programmes in order to develop children's speech and identify and respond to speech and language issues.	£2,000	Improved staff capabilities in dealing with speech and language issues. Earlier identification of and response to speech and language issues with pupils.

Impact

The DfE has made raising the attainment of children with the most deprived circumstances a priority. The Pupil Premium was introduced in 2011 to guarantee additional funding for children eligible for Free School Meals (FSM) or Looked After Children (LAC). The following table measures the gaps in attainment and progress between these disadvantaged groups and their peers, as well as comparing the gap between these groups and National figures. In these tables we have used the DfE 'FSM Ever' data release to assess whether a pupil is identified as being in the Vulnerable Group. Any pupil that has been identified as FSM eligible over the past 6 years will have been included.

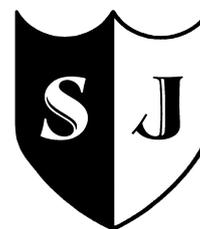

KS2 Attainment 2014 Percentage of Pupils achieving Level 4+

	Disadvantaged Pupils (16)	Non Pupil Premium (15)	Gap
School Reading, Writing, Maths Combined	75%	100%	-25
National Reading, Writing, Maths Combined	67%	83%	-16
School Reading	81%	100%	-19
National Reading	78%	90%	-12
School Writing	81%	100%	-19
National Writing	76%	89%	-13
School Maths	88%	100%	-12
National Maths	78%	90%	-12
School English Grammar, Punctuation and Spelling	75%	93%	-18
National English Grammar, Punctuation and Spelling	66%	81%	-15%
