

What do you know? Science

Year 1

Working Scientifically
I can ask simple questions and recognise that they can be answered in different ways.
I can observe closely, using simple equipment.
I can perform simple tests.
I can identify and classify.
I can use my observations and ideas to suggest answers to my questions.
I can report findings from investigations, including explaining by talking and writing about them, displaying or presenting results and conclusions.
I can gather and record data to help me answer questions.
Animals including Humans
I can identify and name a variety of common animals, including fish, amphibians, reptiles, birds and mammals.
I can identify and name a variety of common animals that are carnivores, herbivores and omnivores.
I can describe and compare the structure of a variety of common animals (fish, amphibians, reptiles, birds and mammals including pets).
I can identify, name, draw and label the basic parts of the human body and say which part is associated with each sense.
Seasonal Changes
I can observe changes across the 4 seasons.
I can observe and describe the weather associated with the seasons and how day length varies.
Plants
I can identify and name a variety of common wild and garden plants, including deciduous and evergreen trees.
I can identify and describe the basic structure of a variety of common flowering plants, including trees.
Everyday Materials
I can distinguish between an object and the material from which it is made.
I can identify and name a variety of everyday materials, including wood, plastic, glass, metal, water and rock.
I can describe the simple physical properties of a variety of everyday materials.
I can compare and group together a variety of everyday materials on the basis of their simple physical properties.
